

# Mosaico Chapelle Blanco Antideslizante 30X30

Model: Mosaico Chapelle Blanco Antideslizante

Size: 30X30 cm (11.8x11.8 in)

Thickness:

Material type: Porcelain

## TECHNICAL DATA

|                                                                      |                                                                                                               |                          |
|----------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|--------------------------|
| Manufacture process                                                  | Single-firing                                                                                                 | Dry pressed ceramic tile |
| Length, width, thickness, side straightness, orthogonality, flatness | Conforms to the requisites applicable to each model as defined in standard UNE-EN 14411 for Group B1a annex G | UNE EN ISO 10545 Part 2  |
| Water absorption                                                     | $E < 0.5\%$                                                                                                   | UNE EN ISO 10545 Part 3  |
| Flexion resistance (N/mm.2) and breaking strength (N)                | $> 35\text{Nw/mm}^2$<br>$> 1300\text{Nw}$                                                                     | UNE EN ISO 10545 Part 4  |
| Lineal thermic dilatation                                            | $< 9 \cdot 10^{-6} / ^\circ\text{C}$                                                                          | UNE EN ISO 10545 Part 8  |
| Thermic impact resistance                                            | Stands the test                                                                                               | UNE EN ISO 10545 Part 9  |
| Cracking resistance                                                  | Stands the test                                                                                               | UNE EN ISO 10545 Part 11 |
| Frost resistance                                                     | Stands the test                                                                                               | UNE EN ISO 10545 Part 12 |

## CHEMICAL RESISTANCE

|                                     |                  |                          |
|-------------------------------------|------------------|--------------------------|
| Domestic cleaning products          | Class A          |                          |
| Swimming pool salt                  | Class A          | UNE EN ISO 10545 Part 13 |
| Acids and bases (low concentration) | Minimum Class LB |                          |
| Stains resistance                   | Minimum Class 4  | UNE EN ISO 10545 Part 14 |

## CE MARKING

CE Declaration of performance:

Nº 001VV2013
